

Sunday School

Our Sunday School will be suspended for the duration of the summer 2015. The youth group continues to meet irregularly. [Contact us](#) [1]

We provide childcare for the young children during the service. During the regular worship, there is a children's sermon, after which there is a Sunday School for the older children until the end of the service. A small group takes turns teaching and organizing, usually for several months at a time to provide continuity. With some regularity, other members of the congregation attend the children's Sunday School to talk about their own work or ideas.
